NONAPPLICABILITY

Industrial establishments not subject to ECRA are those that ar< volved in the generation, manufacturing, refining, transportation, tn storage, handling, or disposal of hazardous substances or wastes; 01 within Standard Industrial Classification major group numbers 22-3£ 51 and 76; or were closed, transferred, or sold prior to ECRA's effect™ December 31, 1983. However, if hazardous substances or wastes rema site in a storage vessel (s), surface impoundment (s), landfill (s), or anol of storage facility (s), even though the property was sold or closed be cember 31, 1983, the operation is considered on-going by the departi der ECRA and, therefore, all prior operations become subject to revie the ECRA legislation.

It is important to note that since retail gasoline stations have an SIC of 55, they are not subject to the provisions of ECRA.

In addition, ECRA does not apply to those portions of industrial e ments currently subject to operational closure and postclosure maintei
